**GREAT THROUGH LINE TO THE WEST**  
Baltimore and Ohio Railroad, from Baltimore  
Wheeling, and connecting there with the largest and  
splendid Steamers of the Union Line on the C  
and the Stages to Zanesville, &c.

The Express Mail Train leaves Baltimore daily at 7 p. m., and runs directly through to Wheeling daily in 18 or 19 hours, including all stoppages en route, arriving there at 2 or 3 p. m. next day; or, passengers leaving Baltimore at 8 a. m. may lay over for food in Cumberland, (179 miles) and proceed thence to Wheeling in the morning.

To connect with these trains, the cars leave Washington at 6 a. m. and 8 p. m. daily, meeting the

from Baltimore at the Washington Junction, (known as the Relay House) nine miles from F. more.

At Wheeling the seven unrivalled Steamers of Union Line, which have just been completed for route, form a daily connexion with the cars, convey passengers down the Ohio to Cincinnati Louisville, where the Stages for Nashville, and the St. Louis and New Orleans Packets may be taken by those going further on.

Passengers for Columbus (or who prefer the route to Cincinnati) and other parts of Ohio and

West may also proceed direct from Wheeling in Ohio Stage Company's excellent coaches over best part of the National Road to Zanesville, and thence by railroad.

Passengers for Wellsville and Cleveland by steamer and railroad will also find this a most agreeable route, there being a regular and speedy connection at Wheeling to and from those places.

Baggage checked through from Washington to Wheeling, and no charge for transfer of passengers or baggage.

Fare by through ticket (with the right to lie

anywhere on the route,) from Washington to Washington being \$9 50; to Cincinnati \$11; to Louisville \$12.

Tickets to be had of Mr. PARSONS, Agent, Railroad Station, Washington, and of the Agents of the Company.

WM. PARKER,  
General Superintendent

**AYER'S**

**CHERRY PECTORAL**  
For the rapid Cure of  
**COUGHS, COLDS, HOARSENESS,  
BRONCHITIS, WHOOPING-COUGH,  
CROUP, ASTHMA, AND**

**CONSUMPTION.**

This remedy is offered to the community with confidence we feel in an article which seldom fails to realize the happiest effects that can be desired. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons, publicly known who have been restored from alarming and desperate diseases of the lungs, by its use. Once tried, its superiority over every other method of its kind, is too apparent to escape observation.

and where its virtues are known, the public longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs, which are incident to our climate.

Nothing has called louder for the earnest exertions of medical men than the alarming prevalence and fatality of consumptive complaints, nor has any class of diseases had more of their investigation and cure. But as yet no adequate remedy had been provided, on which the public could depend for protection from attacks upon the respiratory organs, until the introduction of the CHERRY PECTORAL. This

tic is the product of a long, laborious, and believe, successful endeavor to furnish the community with such a remedy. Of this last statement American people are now prepared to judge, as they appeal with confidence to their decision. If there is any dependence to be placed in what men of the class and station certify it has done for them, we can trust our own senses, when we see danger, affections of the throat and lungs yield to it, can depend on the assurance of intelligent Physicians, who make it their business to know, short, if there is any reliance upon anything.

It is irrefutably proven that this medicine does relieve and does cure the class of diseases it is designed for, beyond any and all others that are known to mankind. If this be true, it cannot be too fastidiously published or too wisely known. The afflicted should know it. A remedy that cures is priceless to the afflicted. Parents should know it, their children are priceless to them. All should know it, for health care is priceless to no one. Not only should it be circulated here, but everywhere, not only in this country, but in all countries. How faithfully we have acted on this conviction, is shown in the fact that already

article has made the circle of the globe. The never sets on its limits. No continent is without it and but few people. Although not in so general use in other nations as this, it is employed by the intelligent in almost all civilized countries. It is extensively used in both Americas—in Europe, Africa, Australia, and the far off islands of the Life is as dear to its possessors there as here, they grasp at a valuable remedy with even avidity. Unlike most preparations of its kind, it is an expensive composition of costly material. It is afforded to the public at a reasonably low

and what is of vastly more importance to their quality is never suffered to decline from its original standard of excellence. Every bottle of this wine now manufactured, is as good as ever has made heretofore, or as we are capable of making. No toil or cost is spared in maintaining it in the perfection which it is possible to produce. If the patient who procures the genuine CHERRY CURE, can rely on having as good an article as ever been had by those who testify to its cures.

By pursuing this course, I have the hope of doing some good in the world, as well as the satisfaction

of believing that much has been done already.
